

Adventures

Adventures is an outing program for girls clubs from Daisies through Girls Only. As a sponsor, you decide what type of outing is appropriate for your girls – considering your budget, location, resources available, and capabilities of the girls in your club. Adventures should be done as a club and not individually.

Adventure Procedure

- Go on the Adventure
- Review the adventure
- Record the Adventure
- Award the Adventure

Adventure Badges and Pins

Girls who complete the Adventures may be awarded the corresponding Adventure badge. Award Adventure pins to be placed on the badge after taking a subsequent Adventure of the same type.

Types of Adventures

Outdoor Adventure

An Outdoor Adventure can be anything that takes you outside the clubroom. Remember to select your adventures based on the opportunities in your region.

Industry Adventure

An Industry Adventure is a tour of a business or factory.

Fine Arts Adventure

A Fine Arts Adventure can be a visit to a museum, art gallery, concert, play, etc. The events do not have to be professional. They can be a local school play, concert, or community event.

Community Adventure

A Community Adventure can be a variety of things including visiting historical landmarks in your region, performing community service, etc.

Professional Adventure

A Professional Adventure involves visiting a place of business or inviting a professional to your clubroom to let that person demonstrate their profession to the girls. Professional Adventures may not always take you outside the clubroom but it will add excitement and discovery to the girls.

Ministry Adventure

The Ministry Adventure will be the most varied and rewarding. This can be a one-time ministry or an ongoing commitment such as:

- Visiting nursing homes, shut-ins, or hospital patients
- Volunteering at a shelter or food pantry
- Helping in a Sidewalk Sunday School
- Babysitting for single parents
- Volunteering at a church community outreach
