AFRICA OASIS

Over the years, the annual donations from this fundraiser have helped to support communities, churches, and schools all over the world. This year, BGMC and Coins for Kids are coming together to support Africa Oasis and provide clean drinking water across Africa.

Africa Oasis provides bucket water filters and water education to families in Africa. These filters have been proven to eliminate over 99 percent of all contaminants and bacteria in water. One filter provides enough daily drinking water for a family of ten, and, when properly cared, for can last for a decade. This is life changing for many African families.

Africa Oasis also partners with local churches to be representatives in their communities. These churches know the language, the culture, and the people. Africa Oasis partners with church members who volunteer for this ministry and go door-to-door, distributing the filters, teaching how to use them, and sharing the message of Jesus!

2023 Coins for Kids Project

Join other girls and partner with BGMC to make your coins count! Each year girls give to a project that helps kids around the world. Together we've helped to make an impact from Romania to Venezuela, from Argentina to China, and beyond!

Seventy-five percent of the population in Africa does not have access to clean drinking water. When you donate to Coins for Kids 2023, your money goes to help provide clean drinking water through Africa Oasis and helps give missionaries an open door to share the life changing message of Jesus' love.

*Churches who give to Coins for Kids through the National Girls Ministries Department will get both BGMC and World Missions giving credit.

Prayer Focus for This Project

* **Missionary Suzanne Hurst** – Please pray for her and her family as they minister in Africa.

* **The churches in Africa** who will be delivering the water filters and ministering in their communities.

* **Pray for AGWM and the missionaries** in Africa.

* **Pray for the locations** where clean water wells will be going.
