

Need help figuring out how to teach both the Friends and Girls Only clubs simultaneously? Consider pairing similar units. You can blend the two lessons into one teaching, use the same discussion questions or ice breaker activities, and girls can even work on the same project as part of their unit requirements. The only difference is that the girls would be completing Journal Pages for their respective club and unit.

Friends & Girls Only

Attitude is Everything	Attitude
Bible	Truth
Creation	Creation vs. Evolution
