

Hot Topics & The Everyday:

How to Pair Them Together

The great thing about The Everyday, the Teen Girl Ministries vlog, is that it can be utilized by any girl, anywhere in the world. Our free online Hot Topic articles can also be utilized, **as well as paired with**, The Everyday episodes, for a girl's individual study or for a small group of girls either in a youth group setting or Teen Girl Ministries (Friends & Girls Only) group. We pray that God uses these resources to be conversation starters and give Biblical perspective to some tough issues that pre-teen and teen girls experience in their everyday. You can find our free online Hot Topic articles on ngm.ag.org/teengirlresources. You can find the corresponding Everyday episode at youtube.com/theeveryday.
