

## Devotional

week 1

Love is action and Jesus showed us the greatest example of love by laying down his life for us. How can you lay down your time, resources, and life for your friends?  
**John 15:13**

God is jealous for your heart. He created you and wants all of you! Write out how you love God with your heart, soul and mind today.  
**Matthew 22:37**

This passage and the verses surrounding it show you what love looks like. How does God show these traits? What qualities of love can you grow in this week?  
**1 Corinthians 13:4-5**

Each day is a new opportunity to learn more of the love of God. His love is trustworthy and gives you direction! Ask for a new revelation of His love in your life.  
**Psalms 143:8**

week 2

Christ asked the church to "wear" love so that we can be bound together with others. This is what brings lasting, true unity. Let God increase your love for others today.  
**Colossians 3:14**

It's easy to love people that love us, but how about the people that are difficult to love? While we were still sinners, Christ loved us! We can love others because of this.  
**1 John 4:19**

How can you intentionally show honor to someone this week? Write someone a card, send an encouraging text or simply tell someone that they are loved!  
**Romans 12:10**

What are you rooted in? Let this be a prayer and blessing over you, that you may be grounded in Christ's love alone. May you know the beauty and strength of His love!  
**Ephesians 3:16-17**

week 3

Christ is your healer! Do you need physical or emotional healing? Maybe you know someone that does. Call on the name of the Lord and He will make you well.  
**James 5:14-15**

The Lord promises restoration and healing from wounds. Write out these words of the Lord in a prominent place to remember his promise to you!  
**Jeremiah 30:17**

May you know Christ's abundant peace and comfort for emotional healing. He will turn your mourning into praise. He is the Lord who heals you!  
**Isaiah 57:18-19**

What does God's Word say about you? This is the Word that heals us. This is the Word that saves us from death. Write out healing scriptures and put them around your room.  
**Psalms 107:19-21**

week 4

When Jesus came to Earth, he healed people who were sick with all kinds of disease and illnesses. There's not a sickness that he can't miraculously heal!  
**Matthew 4:23-24**

God's healing for not only the physically sick but also for the emotionally sick or brokenhearted. God is gentle where wounds may be deep and He will heal you.  
**Psalms 147:3**

Notice two things about this verse. Jesus recognized the woman's faith and He blessed her with peace. When Jesus speaks, you are made well!  
**Mark 5:34**

There will be no sickness, pain, or death when Jesus returns again. This is our blessed hope in our eternal belonging.  
**Revelation 21:4**
